Dedication

A genuine interest in students has endeared him to all of us. His gentlemanly conduct on every occasion has given us great pride in his representation of our schools. His belief in students individually and collectively has encouraged many a young person. By giving of his better self, he has brought out the best in others.

No job is too big for him to undertake nor too trivial to command his undivided attention.

To our superintendent and friend, Mr. Leonard Prewitt, we respectfully dedicate the 1958 Sregit.

Dear Students:

It is with pleasure that I express my appreciation to the "Sregit" staff and to your sponsor for the faithful service you have given to your school and to the student body. I realize that not only have you been joyful because of the product of your handiwork, but you have also grown to realize that true joy can only come through service.

To the student body I would like to say "thank you" for making this one of the most pleasant years of my teaching experience. By your very cooperative attitude and willingness to conform to regulations, you have demonstrated to me that, while enjoying the richest experiences of your life, you have learned to accept the responsibilities of citizenship. It is indeed encouraging to know that we have this type of persons to fill the future roles of leadership and that you will always uphold the traditions of your beloved country.

I shall always follow your progress with interest and pride. May the blessings of God be with you.

Sincerely,

Leonard D. Newth

Principal's Message

Dear Students:

Congratulations to the "Sregit" staff for a job well done. I know that this book will be cherished by all students of Commerce High School and will be a source of fond memories for many years.

I would like to express my appreciation for the fine spirit of cooperation that you as a student body have shown. The fine ideals that you have set are evidence of the kind of students you are. These fine ideals are reflected in the high type school you enjoy.

Always remember that it takes hard work, determination, and ability to attain that which we desire.

May God bless your rich endeavors, realizing that it is in Him that we live, move, and have our being. I assure you that you have my continued trust and friendship. You are an inspiration to me.

Sincerely,
